EDITORIAL

Dear Colleagues,

I have been appointed as editor-in-chief of the Journal of Pelviperineology. I took over this task from our previous editor-in-chief, Prof. Dr. Jacob Bornstein. I am grateful to him for his invaluable contribution to the journal. Likewise, I would like to extend my respects to Prof. Dr. Giuseppe Dodi, who had been the editor-in-chief of our journal for many years.

My main goal is to put our journal among the respected medical journals of the world; to turn it into a scientific publication on the management of pelvic floor disorders and cosmetic gynecology. Undoubtedly, this aim can only be possible if you and your close circle send qualified reviews, research articles, meta-analyses, case reports to our journal.

I look forward to your contributions to our journal and wish you a pleasant reading.

Stay healthy.

Prof. Dr. Ahmet Akın SİVASLIOĞLU

Editor-in-chief
